EXPERIENCE

Mobile App Developer | @ iNest Web Pvt. Ltd.   *March 2025 - PRESENT*

Developing cross-platform mobile apps with .NET MAUI, integrated with ASP.NET Core Web API and Firebase for secure, scalable backends. Skilled in React.js for responsive front-end development and seamless integration. Experienced in deployment, optimization, and maintaining clean architecture while contributing to the full development lifecycle from design to release.

PROJECTS

Innvestorly | *.NET MAUI, ASP.NET Core, PostgreSQL, Firebase, REST API, JWT*   *24th July, 2025 – 10th September, 2025*
- Developed a cross-platform mobile app for Android and iOS to manage and visualize investment portfolios and hotel revenue data.
- Implemented graphical, chart, and tabular views to display stock and hotel revenue trends over various timeframes.
- Built secure authentication with JWT and Google OAuth, supporting investor and portfolio manager roles.
- Integrated backend APIs (ASP.NET Core) with PostgreSQL for data management; hosted demo and managed versioning via Firebase.
- **Impact:** Enabled portfolio managers to efficiently track multiple hotel stocks and investments while providing investors with clear, actionable insights. Solo contributor in building the mobile app, collaborating with a colleague for APIs and database access.

Orama API | *ASP.NET Core 9.0, C#, Entity Framework Core, SQL Server, JWT, SMTP, Swagger/OpenAPI*   *24th July, 2025 – 10th September, 2025*
- Developed a RESTful backend API for user registration, authentication, profile management, and role-based authorization.
- Implemented JWT authentication, OTP-based email verification, password hashing, and role-based access control for users and admins.
- Applied Clean Architecture principles with separate controllers, services, interfaces, and data layers for maintainability.
- Integrated Swagger for live API documentation and SQL Server with Entity Framework for data management.
- **Impact:** Provided a secure, scalable, and extensible backend infrastructure for modern web and mobile applications.

Gemini AI Chat Application | HTML5, CSS3, JavaScript (ES6+), OpenRouter API, Google Gemini (Gemma) Model   *12th June, 2024 – 25th July,2024*
- Built a modern, interactive web app mimicking Google Gemini's chat interface with responsive design, animations, and real-time AI responses.
- Integrated OpenRouter API to connect with the Gemini (Gemma) language model using RESTful calls and secure bearer token authentication.
- Designed a lightweight, dependency-free architecture for fast load times and offline chat persistence.
- **Impact:** Delivered an intuitive, privacy-focused AI chat experience with smooth UI, realistic interactions, and cross-platform accessibility.

SKILLS

- Backend : C#, Java, Javascript, Rest API
- Frontend : XAML, React Js , HTML, CSS
- Frameworks : .NET MAUI, .ASP .NET Core Web API, Framer Motion, Bootstrap
- Database : MSSQL, MySQL, SQLite,
- Authentication & Security : JWT, OAuth2, Owasp Top 10 Security Practices
- Tools : Postman, Swagger, Git
- SoftSkills : Problem Solving, Leadership skills, Communication Skills, Adaptive, TeamSpirit, Critical Thinking, Rapid Learner

EDUCATION

Bachelor of Technology: computer Science and Engineering   *2021 - 2025*
- Galgotias University, Greater Noida, Uttar Pradesh
- CGPA: 8.43

Intermidiate   *2019 - 2021*
- The Indian Heritage School, Agra, Uttar Pradesh
- Percentage: 88%

Matriculation   *2017 - 2019*
- The Indian Heritage School, Agra, Uttar Pradesh
- Percentage: 82%
